

REMARKS

The enclosed substitute sheet clarifies the chemical structure on page 168 of the application with regards to the typographical error. This amendment does not introduce any new matter.

Applicants submit that by this amendment the application is ready for final issuance printing. However, if any issues remain unresolved, Applicants' attorney would welcome the opportunity for a telephone interview to expedite processing.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Robert Steve Thomas', with a long horizontal line extending to the right.
